Bachelor of Technology, Civil Engineering

Babu Banarasi Das Institute of Technology (BBDIT), India

2016

EXPERIENCE

Program Manager, Techolution India, Hyderabad, India

Aug 2024 - Present

- Leading a team of 30 engineers to deliver a \$1.2M AI computer vision project, currently tracking 15% ahead of schedule
- Reduced project risks by 40% through implementation of automated testing and weekly sprints
- Improved team productivity by 25% by streamlining Jira workflows and implementing standardized sprint processes
- Managing 5 parallel work streams with 95% on-time milestone delivery rate and zero critical defects
- Achieved 30% reduction in integration issues through coordinated hardware-software development cycles

Program manager/ Project manager, Miso Robotics, Pasadena, CA, USA

Dec 2022 - Apr 2024

- Spearheaded the implementation of change control processes and tracking mechanisms to evaluate alterations in project scope, vendors, materials - optimizing for product quality, budget, and timeline adherence.
- Orchestrated cross-functional teams, supply chain, testing processes, and stakeholder management to streamline product development lifecycles and software development life cycle through comprehensive program management oversight.
- Utilized project management tools like MS Project, Jira, Smartsheet etc. for accurate tracking and ensured timely completion with "zero" misses in the schedule.
- Implemented and promoted effective Scrum practices, fostering improved collaboration, streamlined processes, and enhanced project outcomes for the team.

Central Project Manager(PMO), Innovations workspace Pvt. Ltd, India

Aug 2020 - Mar 2021

- Created a scrum process and followed effective daily scrum practice, also managing vendor onboarding and reducing inventory loss by 2.3x.
- Monitored and communicated project risks, issues, and opportunities to the CTO, mitigating cost and timeline overruns for software projects by 40%.
- Maintained project schedules, resource allocation, and vendor management trackers for efficient coordination of IT initiatives.

Senior Manager (PMO), Oxfordcaps, India

Dec 2019 - Mar 2020

- Managed the technology vendor database and established criteria for onboarding new software and service providers, ensuring a structured and consistent process.
- Implemented the "Monday" project management tool across IT teams for seamless collaboration and communication with vendors and developers.
- Created detailed project plans and schedules for software development initiatives, avoiding time and cost overruns by 20% through proactive monitoring and risk mitigation..

Project Lead (Transformation), OYO LIFE, India

Nov 2018 - Dec 2019

- Onboarded new vendors and negotiated with existing ones, decreasing the price of procured materials and optimizing costs.
- Finalized and monitored project budgets for resource management and allocation, finishing 35 projects with an average of 17% below the assigned budget.

- Planned and scheduled multiple projects from inception to completion, managing 4-5 projects simultaneously.

Assistant Manager - Planning, Gammon India Ltd, India

Apr 2018 - Oct 2018

- Planned and tracked projects in MS Project and Excel on a regular basis to avoid delay in projects.
- Coordinated with internal and external stakeholders for inventory management.
- Prepared daily, weekly and monthly progress report for client and head office.

CERTIFICATIONS

- Project Management Professional (PMP) Certification
- Certified Scrum Master (CSM) and SAFe PO certification
- Lean Six Sigma Green Belt (LSSGB)
